## PRE - CONFERENCE ACTIVITIES

- 11:00-17:00** **Closed Activity with Registration** **Strauss 2 Room**  
**Workshop on "Hydraulic analyses of water supply systems or digital twins supporting NRW, Energy management of water utilities"**  
**Petr Ingeduld, DHI Group, Hungari**
- This workshop gives you an introduction to Digital Twin system of water supply and distribution systems and into practical aspects of their use. The aim of the workshop is to present up-to-day international methodologies, approaches and form discussion forum for participants regarding practical questions from daily working experience. The event provides a journey to complex Non-Revenue Water (NRW) and energy management applicable for utilities via accessible today technologies. Foundation of NRW management, tools and real utility examples are demonstrated. The role of hydraulic models is explained in a wider context in this course including various aspects of data management, model build and calibration, and numerical modelling (EPANET) of water distribution systems.
- 14:00-16:00** **Open Activity** **Beethoven Room**  
**Young Water Professionals Forum**
- The Young Water Professionals Forum will provide an open platform for final year University students and Young Water Professionals (less than 35 years old), who work in various institutions in the water and wastewater sector. Young Water Professionals are welcome to join the Forum at no cost and learn about ways to develop their careers in the water sector, including advanced education opportunities at MSc and PhD levels.
- Signing of the Memorandum of Understanding: YWP Kosovo - Budapest Water Company**
- 14:30-17:30** **Closed Activity Only by Invitation** **Mozart Room**  
**Regional Workshop of the Benchmarking Program for the Kosovo and Albania HUB**
- The Workshop of the Benchmarking Program for Water and Sewerage Companies, under IAWD-D-leaP, is organized by the Benchmarking HUB of Kosovo and Albania. Each of the Water and Sewerage Companies participating in the Benchmarking Program will discuss their progress and data analysis on the CaMP as a means to improve water and wastewater service performance in Albania and Kosovo.
- 15:00-17:00** **Closed Activity Only by Invitation** **Verdi Room**  
**Joint Meeting with Stakeholders on "Capacity Development in the Water Sector and Advocacy of the Water Associations for Creating an Enabling Environment"**
- The meeting is organized jointly by SHUKALB and SHUKOS, and it aims to facilitate the dialogue and coordination among the stakeholders on capacity development in the water supply and sewerage sector in Albania and Kosovo, as well as to facilitate the advocacy efforts of associations for creating an enabling environment.
- 15:00-17:30** **Registration of the Participants** **Entrance to the Beethoven Hall**

# COMMITTEE OF THE TECHNICAL PROGRAM

---

The Technical Program Committee of the Conference is composed of recognized experts with a long working professional experience from the water sector in Albania, Kosovo and the Balkan region, including representatives from the main institutions at the central and local level, water utilities, and academic institutions.

The Conference Technical Program Committee is responsible for ensuring a good balance and quality of the papers that will be presented during the Conference, and is composed of the following members:

**Dr. Ilir Abdullahu**

Chair of the Programme Committee  
Planning and Development Department Manager  
Regional Water Company Prishtina  
Kosovo

**Baton Begolli**

Water Policy Advisor, Inter-Ministerial, Water Council  
Office of the Prime Minister  
Kosovo

**Mumin Morina**

Technical Director  
Regional Water, Company Hidromorava, Gjilan  
Kosovo

**Dr. Ilir Rodiqi**

Managing Director  
Nomad Institute  
Kosovo

**Aranit Ukimeri**

Technical Director  
Regional Water, Company Hidroregjioni Jugor, Prizren  
Kosovo

**Dafina Syla**

Spokesperson  
Regional Water Company Gjakova  
Kosovo

**Prof. Asoc. Dr. Enkelejda Gjinali**

Principal Lecturer  
Environmental Engineering Department  
Faculty of Civil Engineering  
Polytechnic University of Tirana  
Albania

**Jovan Gjika**

Projects Coordinator  
National Agency of Water Supply-Sewerage and Solid Waste  
Albania

**Ermela Xherri**

Specialist in the Monitoring Sector  
Water Regulatory Authority  
Albania

**Dr. Evis Gjebrea**

Deputy General Director  
Water Supply and Sewerage Company of Tirana  
Albania

**Valbona Paja**

Deputy General Director  
Water Supply and Sewerage Company of Shkodra  
Albania

Coordinated by:

**Nadire Vitija**, SHUKOS
